INFORMATION REGARDING PARENT EDUCATION PROGRAMS

In all cases filed for divorce, legal separation and annulment where there are minors, both parties are required to attend an approved program, up to 4 hours in length, regarding the effect of such action on their children. Completion of parental education program is mandatory unless there is a waiver granted by the Family Court Commissioner.

The Judges and the court commissioners also have the authority, under Sec. 767.401, Wisconsin Statutes, to order people involved in any prejudgement or postjudgement family case, including paternity cases, to attend a parental education program.

To insure overall quality of the programs, including appropriate content and proper training of the presenters, programs are reviewed and approved by the Family Court Commissioner. Only completion of *approved* programs will meet the education requirement. If you want a particular program approved that is not on the list, you or the provider, must contact the Family Court Commissioner and make that request.

These programs do not take place of counseling, therapy or mediation. So counseling, therapy or mediation *cannot* be substituted for an educational program unless specific permission is given by the Family Court Commissioner.

You may complete these programs together or separately (if the program chosen allows separate attendance). The provider will prepare a form indicating that a party (or parties) has completed the program. Each party will receive a copy of that completed form, but the original document will be returned to the Family Court Commissioner by the provider. The information will be entered in the court computer record for your case and the document will be filed in the court file.

The provider should send the certificate of completion to the Office of the Family Court Commissioner, 901 N. 9th St., Room 707, Milwaukee WI 53233. ***In order to fill out the form, the provider will need to know the names of the parties, the COURT CASE NUMBER and the BRANCH LETTER (Family A, B, C, D or E). So BE SURE you bring that information along with you to the session. It would be a good idea to bring along a copy of one of your court papers with the information.***
